exploring microeconomics sixth canadian edition offers students a lively approach designed to take the intimidation out of economics with its short self contained learning units and its carefully chosen pedagogy graphs and photos this text helps students master and retain the basic principles of economics in addition the current events focus and modular format of presenting information makes exploring microeconomics very student accessible and user friendly robert sexton s section by section approach is designed to encourage economic literacy and helps students appreciate how economics impacts both business and daily life sexton helps students

build a solid understanding of economic principles by engaging them from the outset and providing them with multiple points of practice

the increasingly rapid destruction of the ecological systems that support life is calling into question some of the fundamental stories that we live by stories of unlimited economic growth of consumerism progress individualism success and the human domination of nature ecolinguistics shows how linguistic analysis can help reveal the stories we live by open them up to question and contribute to the search for new stories bringing together the latest ecolinguistic studies with new theoretical insights and practical analyses this book charts a new course for ecolinguistics as an engaged form of critical enquiry featuring a framework for understanding the theory of ecolinguistics and applying it practically in real life exploration of diverse topics from consumerism in lifestyle magazines to japanese nature haiku a comprehensive glossary giving concise descriptions of the linguistic terms used in the book discourse analysis of a wide range of texts including newspapers magazines advertisements films nonfiction books and visual images this is essential reading for undergraduates postgraduates and researchers working in the areas of discourse analysis and language and ecology

the new and updated edition of microeconomic policy provides an excellent blend of theory and application to foster understanding of economic based policy making the book is eclectic in its approach and addresses a rich set of current applications it is an ideal book for teaching microeconomic based policy analysis to students todd sandler university of texas at dallas us designed for students who have already encountered the microeconomic principles this valuable text focusses effectively on their policy implications imbuing the apparently dry theory with its insights for the general welfare william j baumol new york university us and princeton university us a distinctive feature of this book is the application of microeconomics to public policy as to be expected given the international reputation of the authors there is a thorough treatment of global environmental policies including the stern report and a very useful chapter on issues of defence conflict and terrorism what this text offers and most competing books do not is the breadth of coverage in this revised edition we have integration into the topics of advances in behavioural evolutionary and austrian economics the relevance to business management and government policy of the material presented makes the subject come alive in application a refreshing change from the curve shifting that dominates traditional microeconomic texts which turns off so many of our students and prevents them from seeing the crucial importance of economics to almost every aspect of our well being john lodewijks university of western sydney australia this thoroughly accessible textbook shows students how microeconomic theory can be used and applied to major issues of public policy in this way it will improve their understanding of both microeconomic theory and policy and also develop their ability to critically assess them clem tisdell

and Keith Hartley have expanded upon their previous successful work on microeconomics as a result this new book is considerably updated with substantial chapter revisions as well as new chapters dealing with business management ownership environmental issues public choice defence conflict and terrorism promoting a thorough understanding of this complex yet fundamental topic microeconomic policy a new perspective will undoubtedly prove an invaluable textbook for all students academics and researchers of economics and public policy

Microeconomics Core Elements and Principles offers an extensive understanding of microeconomics and its fundamental components along with the public policies designed to enhance economic growth and technological advancement we have compiled insights from various renowned authors to create a comprehensive resource that reflects the latest developments in the field our book provides a detailed exploration of microeconomic concepts helping readers grasp the true essence of microeconomics and improve task oriented solutions by integrating quotes and perspectives from leading experts we offer a rich and diverse narrative that makes the subject more relatable and engaging we emphasize the practical implications of microeconomic theories illustrating how public policies can shape economic outcomes and foster technological progress this book serves as a valuable guide for students educators and professionals seeking to understand the intricate relationship between microeconomics and public policy with a focus on clarity and accessibility microeconomics core elements and principles ensures that complex concepts are presented in an easy to understand manner making it an indispensable resource for anyone looking to deepen their knowledge of microeconomics

this most popular and proven text takes a further lead with this revision by aligning its contents with the prescribed UGC model curriculum and new choice based credit system CBCS syllabus the book provides carefully tailored content for undergraduate courses in economics across a range of academic disciplines

the main thrust of this element is a critical assessment of the theory and evidence concerning the sources of scale effects it is argued that the analysis of static scale effects is important because scale effects are embedding in our world and new technologies associated with an evolving economy often allow their exploitation when they cannot be exploited in less technically advanced and smaller economies so although static equilibrium theory is not a good vehicle for studying economic growth showing how scale effects operate when output varies with given technology helps us to understand the scale effects that occur when output rises as a result of economic growth even though that is typically driven by technological change

this book evaluates the global labour market in the context of gender equality and the associated policies and regulations particularly in developing markets to

recommend measures for encouraging gender equality it exposes the barriers that women employees encounter as well as some of the societal and workplace policies they specifically are subject to important themes within this topic include participation rates the looming gap in hourly pay availability of part time and full time positions value and social status associated with jobs held by men and women the book examines how global gender policy objectives such as gender equality in careers gender balance in decision making and gender dimensions in research can be incorporated into policy frameworks the book analyzes the gendered nature of assumptions processes and theories the juxtaposition between family and work tradition and modernity and dependency and autonomy clearly still seems to be misunderstood therefore the book asks whether work improves women's positions in society and or changes their roles in their families the authors explore and uncover the connections among employment entrepreneurship migration economies and gender global labour markets and provide helpful solutions to the perceptions surrounding women's status risks and inequality that limit their economic participation this insightful read provides comprehensive details on a variety of themes and encourages further research on policies that are key to promoting gender equality the book will appeal to postgraduate students and researchers of labour and feminist economics the economics of gender women's studies and sociology
